

First Announcement and Call for Papers

19th RSC / SCI Medicinal Chemistry Symposium

10th-13th September 2017

Churchill College, Cambridge, UK

Organised by the Royal Society of Chemistry's Biological and Medicinal Chemistry Sector,
and the Society of Chemical Industry's Fine Chemicals Group

19th RSC / SCI Medicinal Chemistry Symposium

The organisers invite you to the 19th RSC / SCI Medicinal Chemistry Symposium, Europe's premier biennial Medicinal Chemistry event, focusing on first disclosures and new strategies in medicinal chemistry.

Programme

Reflecting current trends in medicinal chemistry and pharmaceutical research, the scientific programme will feature lectures on the full range of drug targets, key enabling processes and technologies together with late breaker talks. Furthermore, one session will be dedicated to neglected tropical diseases including a planned live webcast that will be recorded for further distribution. We would encourage additional poster presentations dedicated to this subject and will include a flash poster event to further highlight this important area of medical research.

Confirmed Speakers

Spinal Muscular Atrophy: advancing small molecule splicing modulators from phenotypic screen to clinic

Atwood Cheung, Novartis Institutes for BioMedical Research, USA

First disclosure of a new class of highly selective inhibitors of the DUB enzyme UCHL1

Mark Kemp, Mission Therapeutics, UK

First disclosure of GLP1205 a GPR84 antagonist in Phase II clinical trial

Frederic Labeguere, Galapagos, France

Collaboration makes us better: ES09 series as a novel class of anti-leishmaniasis

Maria Marco, GlaxoSmithKline, Spain, and University of Dundee, UK

The first disclosure of an Oral GnRH receptor antagonist and its characterization in vitro, in animals and humans

Olaf Panknin, Bayer, Germany

Discovery and first structural disclosure of novel hedgehog pathway modulators using network pharmacology approach

Sree Vadlamudi, eTherapeutics, UK

mGlu2 Negative Allosteric Modulator (NAM)

Michiel Van Gool, Janssen, Spain

Call for Papers and Short Talks

The organising committee wishes to solicit late-breaking, high impact, medicinal chemistry talks to finalise the scientific programme. Potential contributions should be highlighted to the committee via communication to the secretariat.

In addition, a number of conference places will be reserved for poster presenters and contributions are invited from the whole field of medicinal chemistry. Those presenting a poster may also elect to advertise their poster via oral presentation of a single-slide 'flash' poster. Detailed procedures and deadlines for submission of poster abstracts will be provided in the second announcement.

To receive the second circular or to request further information, please register an interest with the secretariat as below.

Sponsorship and Exhibition Opportunities

Churchill College is an ideal venue for exhibitors. All refreshments, the exhibition and posters are situated in a single area, ensuring excellent access to delegates throughout the meeting. In case of interest in exhibiting or sponsoring this event, please contact the secretariat as below for further information.

Secretariat Contact

Maggi Churchouse, 3 East Barn, Market Weston Road, Theltenham, Diss IP22 1JJ, UK
