

20th SCI/RSC Medicinal Chemistry Symposium Early Career MedChem Workshop

Afternoon of Sunday 8 September 2019

Churchill College, Cambridge, UK

Organised by SCI's Fine Chemicals Group and RSC's
Biological & Medicinal Chemistry Sector

20th SCI/RSC Medicinal Chemistry Symposium

Early Career MedChem Workshop

Sunday 8 September 2019, Churchill College, Cambridge, UK

The 20th SCI/RSC Medicinal Chemistry Symposium is Europe's premier biennial Medicinal Chemistry event, focusing on first disclosures and new strategies in medicinal chemistry.

A satellite workshop consisting of a team-based exercise around a virtual medicinal chemistry programme will be held on the Sunday afternoon prior to this event, aimed at early career (up to 5 years' experience) medicinal chemists. Registration for this event will be at no additional cost to the main meeting.

The workshop will consist of a team-based exercise around a virtual medicinal chemistry programme and will offer participants:

- Training in advanced medicinal chemistry
- Testing out leadership/decision making skills
- Networking between potential future leaders of different organisations
- Introductions of possible future collaborators from pharma, CRO, charity and SME sectors
- Opportunity for informal interaction with experienced medicinal chemists workshop facilitators who will be open to questions around their own experiences
- Attendance at the full 20th SCI/RSC Medicinal Chemistry Symposium including lectures on a full range of drug targets, key enabling processes and technologies

Space for the workshop is limited and applicants are encouraged to register for the meeting early to avoid disappointment.

More information and registration details can be found on the website:
